# New Museum Building Survey

The Ellis County Historical Society is considering building a new Museum to house our Museum and Archive. We will use answers from the survey questions below to help determine support from our membership and the general community.

1. Are you currently a member of the ECHS?  Yes  No
2. What is your zip code? \_\_\_\_\_
3. Of the following statements, which best describes why you visit the Ellis County Historical Society Museum? (select one)
  - I am interested in history.
  - I am interested in Ellis County history.
  - I am interested in Western history.
  - I am interested in Volga German history.
  - I want to visit an area attraction.
4. How often do you visit the ECHS?
  - Less than once per year
  - One to two visits per year
  - More than two visits per year

The reason the ECHS is considering a new building is because the cost to maintain our current facility is high and continues to rise; we have inadequate space for collections storage and exhibits.

5. I support a new building for the ECHS:  Yes  No
  - If YES: (choose one or more)
    - I would talk to my family and friends about the project.
    - I would volunteer with fundraising.
    - I would support with an in-kind donation.
    - I would contribute financially to the construction and operating costs.

If you would like more information about this project in the future, please provide your email address: \_\_\_\_\_
